ANNOTATIONS

ABSTINENCE...IT'S THE RIGHT CHOICE - 5872

1/2" VHS color 22 min. 1995 JrH-SrH

Using street interviews and advice from older teens, provides teens with information on techniques and alternatives to sexual activities. A vignette is followed by an informal discussion led by experienced teen counselors who explain why abstinence is critically important in preventing HIV, and who offer tools teens need to say "no." (CHURCH) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; SEXUALLY TRANSMITTED DISEASES)

ACOG (AMERICAN COLLEGE OF OBSTETRICIANS AND GYNECOLOGISTS) UPDATE: CHLAMYDIAL INFECTIONS-T-0377

audiocassette 60 min. 1985 Professional

One of an accredited monthly series of audiocassette panel discussions developed and sponsored by the American College of Obstetricians and Gynecologists. (ACOG) (SEXUALLY TRANSMITTED DISEASES)

ADOLESCENTS AT RISK FOR HIV INFECTION - 5170

1/2" VHS color 22 min. 1991 A

Developed in part to make information about HIV and AIDS more accessible and less threatening. This program is based on interviews with experts on HIV/AIDS who work with adolescents. Focuses on three major areas: behaviors that place teenagers at risk for contracting HIV, strategies for helping teens prevent the infection, and considerations related to counseling, HIV testing, and follow-up services. (CWLA) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; ADOLESCENCE)

AIDS - 6730

1/2" VHS color 35 min. 1997 A

Discusses the nature of the HIV virus and shows how it propagates by using living cells. Its organization is examined, along with its most prominent genes--gag, pol, and env. Reverse transcription--the process by which the virus enters the DNA of its victim--is examined. Prevention of the reverse transcription process, along with the development of protease inhibitors and genetically engineered protein vaccines, are discussed as promising ways of slowing reproduction of the AIDS virus. (FFH) (ACQUIRED IMMUNE DEFICIENCY SYNDROME)

AIDS: A BIOLOGICAL PERSPECTIVE - 6155

1/2" VHS color 30 min. 1995 SrH-A

Helps viewers follow the life cycle of the HIV virus, how it reproduces, and the path it takes through the body's cells. AIDS researchers and educators discuss the progress that has been made in learning about the disease, and the obstacles to finding a cure. Teaches about the nature of viruses, the immune system, and what makes HIV different from other viruses. (CMBRI) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; PHYSIOLOGY AND BIOLOGY)

AIDS: A DIFFERENT KIND OF GERM - 4556

1/2" VHS color 16 min. 1990 P-EI

A lady doctor gets a lesson on AIDS from her little girl via a magic microscope. Explains how the immune system works, how one can contract the virus that causes AIDS, and how one cannot. Geared for K-3. (CORONE) (ACQUIRED IMMUNE DEFICIENCY SYNDROME)

AIDS AND KIDS: THE WHITNEY PROJECT - 5898

1/2" VHS color 16 min. 1995 EI-I

Hosted by television celebrity, Joey Lawrence and his brother, Matthew, this program teaches children to have compassion for people with HIV/AIDS. Sixth graders in Pecos, New Mexico, learn about a girl, Whitney Williams, in Illinois, who has AIDS. They help her by becoming her pen pals and shower her with friendly, supportive letters, videotaped greetings and even launch a successful campaign to bring Whitney to Pecos for a wonderful visit. Emotional statements made by Whitney convey how important the students' support has been, and the students discuss what their association with Whitney has taught them about compassion, sharing, understanding, courage, hope, and survival. (AIMS) (ACQUIRED IMMUNE DEFICIENCY SYNDROME)

AIDS AND YOUR WORLD - 6724

1/2" VHS color 25 min. 1997 SrH - A

Hosted by Rene Russo. Discusses abstinence and the use of condoms as methods of preventing HIV/AIDS. Profiles HIV-positive young people who urge young adults to make healthy choices while there is still time. (FANLIG)(ACQUIRED IMMUNE DEFICIENCY SYNDROME)

AIDS EDUCATION - 6729

1/2" VHS color 27 min. 1993 A

Stresses that prevention is key to stopping AIDS. Examines innovative prevention programs developed by teachers in both an elementary and a high school. (KINETI) (ACQUIRED IMMUNE DEFICIENCY SYNDROME)

AIDS IN RURAL AMERICA - 4479

1/2" VHS color 28 min. 1989 SrH-A

Focuses on the social, psychological aspects of addressing AIDS in the rural communities of America. Confronts an important aspect of coping with the AIDS virus, since the prevailing attitude in the U.S. is that AIDS is essentially a city disease and not of consequence in the outlying areas, which is not the situation at all. Vignettes of a couple and child who have AIDS, and teenagers talking about how sexuality and AIDS are treated in their communities, give a full dimension to the issues. (NEWDI) (ACQUIRED IMMUNE DEFICIENCY SYNDROME)

AIDS IN THE WORKPLACE: BASIC INFECTION CONTROL FOR NON-HEALTH CARE SETTINGS - 4236

1/2" VHS color 30 min. 1989 A

A step-by-step training video on how to use gloves, clean up blood spills, etc., produced by the State of Oregon to teach state employees how to avoid the transmission of infectious diseases in the workplace. Borrowers may reproduce this videotape for non-profit, educational settings. (OREGON) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; OCCUPATIONAL HEALTH AND SAFETY; SEXUALLY TRANSMITTED DISEASES)

AIDS IS ABOUT SECRETS - 4559

1/2" VHS color 37 min. 1988 A

For black women partners of IV-drug users. Personal stories are dramatized to demonstrate need for female partners of men at risk to take responsibility for their own health and that of their children. (HIV CT) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; WOMEN - HEALTH AND HYGIENE)

AIDS: LET'S TALK - 4356

1/2" VHS color 15 min. 1989 P-El

This program is targeted specifically to elementary school students. Using young narrators, puppetry and gentle humor, this video attempts to dispel the fears that surround AIDS and to provide the fundamental facts of AIDS that are appropriate to an elementary school age level. (NEW DI) (ACQUIRED IMMUNE DEFICIENCY SYNDROME)

AIDS: ONE TEENAGER'S STORY-7163

1/2" VHS color 32 min. 1995 JrH-SrH

Dramatizes what it is like to live with HIV/AIDS when a college-bound high school senior discovers that she is infected with HIV. Demonstrates the risks people take in engaging in unprotected sex, even with someone they love and trust. Emphasizes that abstinence is the only foolproof choice for staying healthy and safe. (SUNBUR) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; SEX EDUCATION)

AIDS PREVENTION FOR LABORATORY PROFESSIONALS - 4852

1/2" VHS color 60 min. 1988/1992 A, Professional

Part 1 (30 min.) Presents the seriousness of the risk of occupational infection by HIV. Explains the ways HIV can and cannot be transmitted. Describes the precautions that will minimize the risk of seroconversion. Also explains how HIV and hepatitis B transmission are similar and can be prevented in many of the same ways. Discusses proper laboratory procedures, including universal precautions. Part 2 (30 min.) updates information for lab professionals, nursing professionals, and support staff on the OSHA training regulations for

preventing disease transmission in the workplace. (GUIDA) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; HEPATITIS; LABORATORY SAFETY)

AIDS STREET TALK - 5164

1/2" VHS color 19 min. 1991 A

An explicit training video for HIV/AIDS outreach workers, based on interviews with hustlers, drug addicts, prostitutes and other street people of Ottawa. These high-risk individuals share their fears and ignorance concerning safer sex, condom use, needle sharing, HIV testing and the sex trade, exposing the tough barriers that outreach workers must overcome. Not suitable for general audience viewing due to sexually explicit language. (ETRNET) (ACQUIRED IMMUNE DEFICIENCY SYNDROME)

AIDS: THE HEART OF THE MATTER-6489

1/2" VHS color 31 min. 1996 A, Professional

Profiles one man's five-year battle with AIDS from his HIV diagnosis to his memorial service. He candidly discusses his physical and emotional journey through the latter stages of his fight with AIDS. (AQUARI) (ACQUIRED IMMUNE DEFICIENCY SYNDROME)

AIDS--WHAT EVERYONE NEEDS TO KNOW, 3rd Ed. - 5873

1/2" VHS color 21 min. 1994 JrH-A

Presents the most current information, terminology, and medical understandings about HIV infection, including explanations about transmission of HIV, the progression from HIV to AIDS, and a demonstration of correct condom use for safer sex. Stresses the importance of avoiding HIV infection and notes that only abstinence is 100% effective in insuring against HIV infection. (CHURCH) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; SEXUALLY TRANSMITTED DISEASES)

A IS FOR AIDS, REVISED EDITION - 6735

1/2" VHS color 15 min. 1992 El

Dr. Andy Answer, an engaging animated dog, leads a group of primary school children on a journey to uncover the facts about AIDS. Explains how AIDS is contracted and dispels many common myths about casual contact with an HIV-positive person. Demonstrates how the immune system functions, and how it is drastically altered when a person's body is infected with HIV. Includes a press conference held by Magic Johnson where he reveals that he is HIV-positive and stresses why it is so important to get the facts. (ALTSCH) (ACQUIRED IMMUNE DEFICIENCY SYNDROME)

ALICIA (Spanish) - 5001

1/2" VHS color 21 min. 1989 A

Describes the story of Alicia, a Hispanic woman, and her child who both have been infected with the HIV virus. Shows the confrontation she has with her husband regarding his drug use. Explains the effect of AIDS on the family. (NIDA) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; DRUGS; SPANISH LANGUAGE)

THE AWAKENING IN THE FIELDS (Spanish) - 5543

1/2" VHS color 27 min. 1993 A

Discusses HIV/AIDS and its impact on the migrant farm worker population. (PTPP) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; SPANISH LANGUAGE)

BEFORE IT'S TOO LATE, VACCINATE

English (closed captioned) - 5210 Spanish (closed captioned)-5211

1/2" VHS color 14 min. 1993 A

Closed captioned for the hearing impaired. Emphasizes that the best way to prevent diseases such as measles, whooping cough, and hepatitis B, is to

provide immunizations. Without this protection, children may become seriously ill or even die. This program may be duplicated by borrowers. (AAP) (CHILDREN - CARE AND HYGIENE; COMMUNICABLE DISEASES; HEARING IMPAIRED; HEPATITIS; IMMUNIZATION; INFANTS - CARE AND HYGIENE; SPANISH LANGUAGE)

THE BEST DEFENSE English - 4792 Spanish - 4793

1/2" VHS color 20 min. 1988 JrH-A

Four recovering addicts dramatically recreate getting high on heroin in someone's kitchen in Los Angeles. Educates intravenous drug users about protection against the deadly AIDS virus. The correct procedure for bleaching needles is demonstrated. Discusses the use of condoms and includes humorous footage. Also depicts a Latino couple wrestling with the early signs of infection with the AIDS virus and its effect on the family. Deals with denial about the possibility of contracting AIDS. Provides interviews with people who have tested positive to the AIDS virus and reinforces how the virus can be spread by sharing needles or having unprotected sex. (INTERM) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; DRUGS; SEXUALLY TRANSMITTED DISEASES; SPANISH LANGUAGE)

BLOODBORNE PATHOGENS English-7115 Spanish-7369

1/2" VHS color 19 min. 1998 A, Professional

Provides information on bloodborne pathogens such as those causing hepatitis B, hepatitis C and AIDS. Discusses and demonstrates effective means of infection control and exposure control. Explains personal protective equipment (PPE). (LONGI) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; HEPATITIS; INFECTION CONTROL; SPANISH LANGUAGE)

BLOODBORNE PATHOGENS ANNUAL RETRAINING - 5908

1/2" VHS color 18 min. 1994 A, Professional

Explains the OSHA enforcement policy and fulfills 29 CFR, Part 1910 Employee Training Requirements. Explains the different bloodborne diseases and how to recognize exposure situations. Discusses techniques to prevent exposure, including personal protective equipment. To reduce these workplace exposure risks, discusses an "exposure control plan," emergency procedures, and proper posting of signs and labels. (TNI) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; HEPATITIS; OCCUPATIONAL HEALTH AND SAFETY)

**BLOODBORNE PATHOGENS IN HEALTHCARE FACILITIES
English-6715 Spanish-6799**

1/2" VHS color 26 min. 1998 A, Professional

Intended for personnel in hospitals, laboratories, and physicians' offices to comply with 29 CFR Part 1910.1030. Describes the precautions to take while handling body substances, especially blood products. Describes the Exposure Control Plan. Explains emergency procedures and the meanings of the variety of warning signs and labels. Discusses the personal protective equipment (PPE). (LONGI) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; HEPATITIS; OCCUPATIONAL HEALTH AND SAFETY; SPANISH LANGUAGE)

**BLOODBORNE PATHOGENS IN SCHOOLS: THE HUMAN SIDE
(closed captioned)-7240**

1/2" VHS color 24 min. 1998 A, Professional

Closed captioned for the hearing impaired. Intended for any school employee including teachers, coaches, custodial staff, bus drivers, secretaries or healthcare workers. Three people describe how infection with hepatitis B virus (HBV) or HIV has affected them. Refers employees to the Facility Exposure Control Plan found in each workplace. Describes the five approaches which work together to protect school employees from infection:

employee work practice controls; personal protective equipment (PPE); engineering controls; housekeeping practices; and vaccination with the hepatitis B vaccine. (COASTAL) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; HEARING IMPAIRED; HEPATITIS; INFECTION CONTROL)

**BLOODBORNE PATHOGENS IN THE WORKPLACE: REDUCING
THE RISKS - 5296**

1/2" VHS color 13 min. 1992 A

Teaches risk assessment skills in general/industrial workplace environments for HIV and hepatitis B infections. Promotes the use of infection control kits. Without over-dramatizing, makes viewers aware of risks when they come in contact with body fluids. (SC) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; HEPATITIS; OCCUPATIONAL HEALTH AND SAFETY)

**BLOODBORNE PATHOGENS STANDARD: HOW IT AFFECTS
YOU. HOW IT PROTECTS YOU (Spanish) - 6024**

1/2" VHS color 20 min. 1992 A

Explains the Bloodborne Pathogen Standard for mandated employee training. Includes universal precautions, HBV vaccination, and recordkeeping requirements. (COASTA) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; HEPATITIS; OCCUPATIONAL HEALTH AND SAFETY; SPANISH LANGUAGE)

BLOODLINES - 7338

1/2" VHS color 22 min. 2000 JrH-A

Interviews HIV-positive youth who tell their personal experiences with the disease, sharing the grief, confusion, and hope that they feel. (FIDEAS) (ACQUIRED IMMUNE DEFICIENCY SYNDROME)

THE BODY'S DEFENSES AGAINST DISEASE - 6270

1/2" VHS color 24 min. 1996 I-JrH

Describes the various parts of the human body involved in fighting both viral and bacterial diseases. Includes a short history on the importance of good hygiene in the prevention of disease. Explains how vaccines and antibiotics function. Shows conditions, such as hay fever, rheumatoid arthritis and AIDS, which result from failures in the immune system. (RAINBO) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; PHYSIOLOGY AND BIOLOGY)

**CARING FOR INFANTS AND TODDLERS WITH HIV INFECTION
- 5168**

1/2" VHS color 21 min. 1991 A

Explores the day-to-day life of three families caring for infants and toddlers with HIV infection. Features an adoptive family with son, a foster family composed of an infant and toddler, and another family with two toddlers in foster care. The last family's story clearly demonstrates the significance of both foster and birth parents providing care and support for each other in the face of HIV/AIDS. (CWLA) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; CHILDREN-CARE AND HYGIENE; INFANTS - CARE AND HYGIENE)

**CARING FOR SCHOOL-AGED CHILDREN WITH HIV
INFECTION - 5169**

1/2" VHS color 21 min. 1991 A

Shares the daily life of three families caring for children with HIV infection. Covers issues such as how to talk to a child who has HIV/AIDS, caring for non-infected siblings, and facing discrimination in the community, including the school system. (CWLA) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; CHILDREN - CARE AND HYGIENE; PREJUDICE)

CASE HISTORY #2: HEPATITIS "A" - 4210

1/2" VHS color 10 min. 1987 A

Illustrates the potentially tragic consequences of poor personal hygiene. Frank, in training at a restaurant in New Jersey, reports to work feeling ill. He continues to work despite his illness and does not wash his hands after going to the bathroom. He consequently infects the food he prepares. Over the next three weeks, 56 people become ill with hepatitis. (ALTSCH) (FOOD HYGIENE; HEPATITIS)

CHLAMYDIA - 4810

1/2" VHS color 9 min. 1988 JrH-A

Covers information on prevention, as well as treatment of the "silent" STD. Reviews symptoms in both sexes, but cautions that chlamydia is often symptomless. Explains that, if untreated, chlamydia can cause PID, scarring of the fallopian tubes and infertility. Discusses testing and treatment. Emphasizes that patients should take all prescribed medication and not have sex until it is confirmed that the infection is gone. Suggests using a condom and spermicide as a preventative measure. Appropriate for male and female audiences. (MILNER) (SEXUALLY TRANSMITTED DISEASES; WOMEN-HEALTH AND HYGIENE)

CHLAMYDIA: THE HIDDEN DISEASE-7178

1/2" VHS color 21 min. 1995 SrH-A

Examines the current knowledge and treatments for chlamydia. Most cases of infertility due to blocked fallopian tubes are caused by untreated chlamydia. Explains who is at risk, the symptoms, long-term complications, and how the disease is diagnosed and treated. (CAMBRI) (REPRODUCTION; SEXUALLY TRANSMITTED DISEASES; WOMEN-HEALTH AND HYGIENE)

THE CHOICE IS YOURS - 5353

1/2" VHS color 24 min. 1992 JrH-A

Shows the dilemmas faced by young people in social situations and how peer pressure, alcohol, and drugs affect their decision-making ability. In a college-area bar, students are dancing, drinking, flirting, and unwinding from the pressures of school. Characters make decisions about sex, drugs, and alcohol. The issues of safer sex, abstinence, sexual orientation, sexually transmitted diseases, unplanned pregnancy and AIDS are dealt with frankly. Shows the consequences resulting from these casually-made decisions. (MEDGLD) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; ALCOHOL AND ALCOHOLISM; DRUGS; SEXUALLY TRANSMITTED DISEASES)

COME SIT BY ME - 5361

1/2" VHS color 8 min. 1992 P

Promotes tolerance and compassion for those living with HIV infection or AIDS. Stresses that AIDS is as much a social problem as it is a medical one. Reassures children that AIDS is a serious illness but difficult for a child to get, and that it is easier to prevent than treat. Helps caregivers answer their own questions about HIV infection and AIDS, so they may correctly answer children's questions. (AIMS) (ACQUIRED IMMUNE DEFICIENCY SYNDROME)

THE COMING PLAGUE Part 1: THE VIRUS HUNTERS / THE PRICE OF PASSION (closed captioned)-6615

1/2" VHS color 90 min. 1997 SrH-A

Closed captioned for the hearing impaired. Demonstrates how new epidemics of unknown origins and outbreaks of diseases once thought vanquished challenge scientists and medical staff. THE VIRUS HUNTERS (45 min.) Traces the work of a man who searches the rain forests of West Africa for clues to the Ebola virus. Discusses the work of doctors who risk their own

lives to investigate the outbreaks of dengue fever, antibiotic resistant diseases, lassa fever, and AIDS. THE PRICE OF PASSION (45 min.) Shows the impact of AIDS on the populations of various of the countries of the world. Explains that access and availability of medical treatments for HIV infection are limited. Gives an historical perspective of the fight against sexually transmitted diseases such as syphilis and gonorrhea. (TL) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; COMMUNICABLE DISEASES; HEARING IMPAIRED; MEDICINE; SEXUALLY TRANSMITTED DISEASES)

THE COMING PLAGUE Part 2: REVENGE OF THE MICROBES/ A WORLD OUT OF BALANCE (closed captioned)-6616

1/2" VHS color 90 min. 1997 SrH-A

Closed captioned for the hearing impaired. Demonstrates how new epidemics of unknown origins and outbreaks of diseases once thought vanquished challenge scientists and medical people. REVENGE OF THE MICROBES (46 min.) Discusses the rise of drug-resistant strains of diseases, such as flesh-eating bacteria, pneumonia, gonorrhea, salmonella, and especially tuberculosis and malaria. A WORLD OUT OF BALANCE (44 min.) Explains the threat of the outbreaks of disease in the changing political, social and economical environments of humans. (TL) (COMMUNICABLE DISEASES; HEARING IMPAIRED; MEDICINE; SEXUALLY TRANSMITTED DISEASES; TUBERCULOSIS)

COMING TO LIFE: STORIES OF HOPE, HEALING AND AIDS-7213

1/2" VHS color 28 min. 1999 A

Several black Americans describe how being HIV-positive has impacted their lives. One man contracted HIV through the needles he used to tattoo other inmates in prison. Others describe how their sexual orientation or drug addictions led to being infected. (NAACP) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; COMMUNITY AND RURAL HEALTH; DRUGS; LAW ENFORCEMENT)

COMMON THREADS: STORIES FROM THE QUILT - 4553

1/2" VHS color 79 min. 1989 SrH-A

Tells the dramatic story of the first decade of AIDS in America. Shows the human face behind the statistics of the epidemic and provides a testament to the strength and endurance of the human spirit. Relates the story of five people with AIDS whose names are commemorated in five panels of the NAMES Project AIDS Memorial Quilt. (NAMES) (ACQUIRED IMMUNE DEFICIENCY SYNDROME)

CONDOM NEGOTIATION SKILLS FOR HEALTH CARE PROFESSIONALS - 4789

1/2" VHS color 18 min. 1990 A, Professional

Demonstrates how the health care professional can counsel patients to help them convince their sexual partners to use condoms and to use them correctly. Shows an interview between the professional and a fifteen-year-old girl; and the same professional and a recently divorced woman. The professional must make patients believe that they are at risk of infection when they have sex without a condom. The professional needs to assess patients' knowledge, help them to identify and prioritize barriers to the use of condoms, establish goals, and develop strategies. The professional should provide models so patients can develop skills in correctly using condoms and provide an adequate number of condoms for patients to take home. (EMORY) (SEXUALLY TRANSMITTED DISEASES)

CONDOM TALK - 4972

1/2" VHS color 5 min. 1988 JrH-A

A series of very short dramatic vignettes that demonstrate how a woman can

introduce the subject of condom use to her boyfriend. Challenges viewers to think up their own ways of talking about this often hard-to-talk-about subject. (PLANNE) (SEX EDUCATION; SEXUALLY TRANSMITTED DISEASES)

CONTRACEPTIVE CHOICES - 5899

1/2" VHS color 17 min. 1992 SrH-A

In order to make informed choices, this program acquaints/educates viewers about the extensive variety of contraceptive methods currently available, including nonprescription, prescription, and surgical methods. Reproductive anatomy and physiology are briefly explained. Advantages and disadvantages of each method and their effectiveness ratings are provided. The use of latex condoms in preventing the spread of AIDS and other STDs is also addressed. (AIMS) (BIRTH CONTROL; SEXUALLY TRANSMITTED DISEASES)

CORRECTIONAL STAFF AND TB-6612

1/2" VHS color 9 min. 1997 A

Targets correctional facility staff who may have had recent exposure to an active case of tuberculosis in the correctional setting. The exposed officers go through "panic," "education" and "medication compliance" phases, with both a medical professional and an older correctional officer guiding and educating them along the way. The two officers accept the INH chemoprophylaxis. (TDH) (OCCUPATIONAL HEALTH AND SAFETY; TUBERCULOSIS)

COUGH IT UP English (closed captioned) - 6100

Spanish (closed captioned) - 6101 Vietnamese - 6102

1/2" VHS color 6 min. 1996 A

English and Spanish versions are closed captioned for the hearing impaired. Teaches tuberculosis patients how to produce a good specimen for laboratory analysis. Covers proper packaging and shipping. (TDH) (HEARING IMPAIRED; SPANISH LANGUAGE; TUBERCULOSIS; VIETNAMESE LANGUAGE)

COUNSELING FOR HIV PREVENTION - 5809

1/2" VHS color 43 min. 1995 Professional

Designed to be used by trainers or by individual counselors, educators, or clinicians who wish to broaden their repertoire of skills used in counseling clients before and after HIV testing. Three vignettes are presented and provide an in-depth examination of the role of the counselor and of the information that should be covered with clients, as well as alternative counseling strategies and techniques. (CDC) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; SOCIAL WORK)

DON'T FORGET SHERRIE - 4233

1/2" VHS color 32 min. 1987 JrH-A

Powerful, hard-hitting drama focusing on a group of black and urban youth responding to the AIDS virus. Narrated by actor Michael Warren and featuring former Surgeon General Dr. C. Everett Koop. Produced by the American Red Cross. Targets black teens. (AM RED) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; SEXUALLY TRANSMITTED DISEASES)

DON'T SHUT ME OUT: HIV+ PARENTS STRUGGLING WITH DISCLOSURE - 6274

1/2" VHS color 25 min. 1996 A

Describes the issues and decisions parents face before telling their families about their HIV+ status. Gives advice and models viewers can use to adapt to their own situation. (NY HOS) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; PARENTING)

DON'T WAIT--VACCINATE! - 5921

1/2" VHS color 5 min. 1995 A

Presented in both English and Spanish segments, emphasizes that the best way to prevent diseases such as measles, tetanus, and whooping cough is to provide immunizations. Explains the appropriate schedule for immunizations, where immunizations are provided, and describes possible side effects of some vaccinations. (UHC) (CHILDREN-CARE AND HYGIENE; COMMUNICABLE DISEASES; HEPATITIS; IMMUNIZATION; INFANTS-CARE AND HYGIENE; SPANISH LANGUAGE)

DO YOU KNOW ME? - 5146

1/2" VHS color 10 min. 1992 El-JrH

Featuring middle-school students from the Dallas Independent School District, the program is centered around a personified, female HIV character and a young couple. The program is designed to diminish stereotypes and myths about AIDS, and strives to make middle-school students take seriously the deadly risks of AIDS. It presents facts about AIDS in Dallas County as well as national statistics. (UTSWMC) (ACQUIRED IMMUNE DEFICIENCY SYNDROME)

DRUG ABUSE AND HIV: REACHING THOSE AT RISK (closed captioned)- 6648

1/2" VHS color 16 min. 1995 A, Professional

Closed captioned for the hearing impaired. Shows how three intervention models educate out-of-treatment injection drug users about AIDS. Explains the behaviors that transmit the disease, and about strategies that reduce the risk of contracting AIDS. (NCADA) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; DRUGS; HEARING IMPAIRED)

EDUCATING OUR CHILDREN-6886

1/2" VHS color 20 min. 1992 A

Presents a variety of vignettes showing effective and age-appropriate ways to answer a child's questions about AIDS and allay any fears the child may have. (PEDAID) (ACQUIRED IMMUNE DEFICIENCY SYNDROME)

THE EPIDEMIOLOGY AND PREVENTION OF VACCINE-PREVENTABLE DISEASES Part 4-6908

1/2" VHS color 206 min. 1999 A, Professional

Closed captioned for the hearing impaired. Designed for nurses, physicians, and other communicable disease, infection control, and immunization professional staff. A series of four videotapes focuses on vaccine-preventable diseases, vaccine management, safety and standard immunization practices. This part covers hepatitis B, Hemophilus influenzae type b, influenza, and pneumococcal infections. (TDHI) (COMMUNICABLE DISEASES; HEARING IMPAIRED; HEPATITIS; IMMUNIZATION)

FACTS ABOUT AIDS English - 4560 Spanish - 4595

1/2" VHS color 10 min. 1989 JrH-A

Answers the most commonly asked questions about AIDS. Animation demonstrates how the immune system normally functions and how HIV attacks and weakens this defense system, causing AIDS. Reviews ways in which HIV is spread and educates viewers about how to reduce their risk. Assures viewers that HIV cannot be transmitted by casual contact. (MILNER) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; SPANISH LANGUAGE)

THE FACTS ABOUT TB English-6634 Spanish-6635

1/2" VHS color 11 min. 1997 SrH-A

Answers some frequently asked questions concerning tuberculosis, such as (1) how is tuberculosis spread? (2) who is at risk for contracting tuberculosis? (3) what is the difference between tuberculosis infection and tuberculosis

disease? (4) what are the symptoms of tuberculosis disease? Emphasizes the importance of taking all of the medications if the test shows the presence of tuberculosis bacteria whether or not the person is suffering from the tuberculosis disease. (CDC) (SPANISH LANGUAGE; TUBERCULOSIS)

A FAMILY OF VIRUSES - 4252

1/2" VHS color 14 min. 1987 A

Discusses the five types of herpes and how the most widely known types, oral and genital, are contracted. (ALTSCH) (SEXUALLY TRANSMITTED DISEASES)

THE FORGOTTEN PEOPLE: LATINAS WITH AIDS English-5541 Spanish - 5556

1/2" VHS color 29 min. 1990 A

Interviews HIV-positive Latinas including three women from the same family who contracted HIV through injecting drugs. Also includes a discussion of condom use and the importance of empowering Latina women to use condoms. (KCET) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; DRUGS; SPANISH LANGUAGE; WOMEN - HEALTH AND HYGIENE)

THE FORGOTTEN TENTH - 6722

1/2" VHS color 14 min. 1995 A

Introduces the issues regarding HIV/AIDS that pertain to adults over 50. It includes vignettes highlighting the personal experiences of three persons who are HIV infected, and one caregiver. In addition, age-specific information related to risk reduction is presented by a doctor and a nurse practitioner. (TERRA)(ACQUIRED IMMUNE DEFICIENCY SYNDROME; AGING)

GENTE COMO NOSOTROS. HISPANOS Y EL SIDA/PEOPLE LIKE US. HISPANICS AND AIDS (Spanish/English) - 4392

1/2" VHS color Eng-18 min., Span-16 min. 1988 JrH-A

This short drama shows how AIDS strikes a rural Hispanic community through sex and IV drugs. Tells how the AIDS virus can and cannot be transmitted. Available for free duplication. Contact the library for information. (SW SID) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; SPANISH LANGUAGE)

GONE TOMORROW--AIDS: A PERSONAL PERSPECTIVE - 6734

1/2" VHS color 36 min. 1995 SrH - A

Written as a stage play and adapted to video in order to raise awareness and educate young adults about AIDS. A dramatization featuring Rick, a heterosexual, with good grades, and a positive outlook on life; and his companions through adolescence. Answers questions about AIDS, how it is contracted, the risks. Concludes with a question and answer segment that can be used for discussion. (CAMBRI) (ACQUIRED IMMUNE DEFICIENCY SYNDROME)

GUARDING AGAINST TUBERCULOSIS AS A FIRST RESPONDER - 5875

1/2" VHS color 19 min. 1995 A, Professional

Designed specifically to assist first responders who are at high risk of exposure to tuberculosis. Areas covered include: the history of tuberculosis; the epidemiology and symptoms; modes of transmission; the CDC guidelines; exposure control plans, and use of personal protective equipment. (AIMS) (EMERGENCY SERVICES; OCCUPATIONAL HEALTH AND SAFETY; TUBERCULOSIS)

HEAD FULL OF QUESTIONS - 4809

1/2" VHS color 20 min. 1989 El-JrH

Addresses the common interests and concerns felt by pre-adolescents about developing sexual and intimate relationships. Developed for an audience of

nine-to-twelve-year-olds, it tells them what they want to know with an appealing mix of humor and imagination. Detailed information about relationships, reproduction and the male and female anatomy is presented through the relationships of two animated characters, Fred and Anna. The couple's courtship evolves into a committed and loving relationship that results in the birth of a baby. Topics include sexual attraction, sexual intercourse, fertilization, growth of an embryo and birth of a baby. A brief look at AIDS and birth control is included. (MEDGLD) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; BIRTH CONTROL; CHILDBIRTH; REPRODUCTION; SEX EDUCATION)

HEALTH ON THE FRONT LINES: CHLAMYDIA AND HERPES- SILENCE IS NOT ALWAYS GOLDEN - 7182

1/2" VHS color 79 min. 2000 A-Professional

Presentation by HIV/STD educator, Tammy Foskey. Describes the symptoms of chlamydia and herpes. Explains the risk factors of these sexually transmitted diseases and the implications they pose for communities. (TDH) (MEN-HEALTH AND HYGIENE; SEXUALLY TRANSMITTED DISEASES; WOMEN-HEALTH AND HYGIENE)

HEALTH ON THE FRONT LINES: HEPATITIS C AND HOUSE BILL 1652- 7279

1/2" VHS color 60 min. 2001 A-Professional

Presentation by Dr. Kathi Shupe-Rickseker, PhD, and Dr. Gary Heseltine, MD, epidemiologists. Describes an overview of hepatitis C and the risk factors for infection, including IV drug use, transfusion, and non-sterile tattooing and ear piercing. Discusses the impact of House Bill 1652 which calls for a seroprevalence study to estimate the current and future impact of hepatitis C on the state as well as public health training on the risk factors and importance of early detection. (TDH) (COMMUNICABLE DISEASES; HEPATITIS)

A HEALTHY LIVER, A HAPPIER LIFE - 6183

1/2" VHS color 11 min. 1993 SrH-A

Describes the care and functions of the liver. Stresses prevention of liver damage from viruses, drugs, alcohol and other chemicals. Emphasizes healthier lifestyle. (ALF) (HEPATITIS; LIFESTYLES AND HEALTH; PHYSIOLOGY AND BIOLOGY)

HEPATITIS A - 6553

1/2" VHS color 18 min. 1996 SrH - A

Discusses the sources of hepatitis A, its symptoms, prevention, and treatment. (FFH) (HEPATITIS; MEDICINE)

HEPATITIS A: COMMUNITY-WIDE OUTBREAK - 6565

1/2" VHS color 16 min. 1996 A, Professional

Shows what health officials can do when faced with a community-wide outbreak of hepatitis A. Explains that the disease can be spread from very young children, who have no symptoms, to adults. Explains the importance of hand washing education. Describes the impact of immune globulin for temporary protection from the disease. Stresses that early intervention is very important. The use of the hepatitis A vaccine in slowing the outbreak is described. The Texas Department of Health does not endorse any particular brand or product. (SKB) (HEPATITIS; HYGIENE; MEDICINE)

HEPATITIS B PREVENTION: A GUIDE FOR HIGH SCHOOL PROFESSIONALS-6836

1/2" VHS color 5 min. 1995 JrH-SrH

Health teacher or school nurse curriculum designed for presentation to a junior high or high school audience. Includes 5-minute video which describes hepatitis B as a bloodborne disease which can be spread through sexual

transmission as well as sharing toothbrushes and razors. Discusses symptoms and health complications associated with the disease. Stresses the need for vaccination. Accompanying guide provides hepatitis B facts, suggested activities and bibliography. (ASHA) (COMMUNICABLE DISEASE; HEPATITIS; IMMUNIZATION; SEXUALLY TRANSMITTED DISEASES)

HEPATITIS B: THE ENEMY WITHIN - 6407

1/2" VHS color 21 min. 1996 A

This program explains current medical knowledge about the hepatitis B virus and its treatment. The program is hosted by Dr. Miriam Alter, Chief of the Epidemiology Section, Hepatitis Branch, at the Centers for Disease Control and Prevention, and Dr. Harold Margolis, Chief of the Hepatitis Branch at the CDC. (FFH) (HEPATITIS; MEDICINE)

HEPATITIS B: THE VACCINATION DECISION - 5680

1/2" VHS color 14 min. 1989 A, Professional

Discusses hepatitis B complications and how the disease is transmitted. Explains that health care workers are at high risk for hepatitis B exposure. Describes hepatitis B vaccines and the vaccination schedule. Also discusses precautions to take if exposure to hepatitis B is likely. (MERCK) (HEPATITIS; IMMUNIZATION; OCCUPATIONAL HEALTH AND SAFETY)

HEPATITIS C: A PATIENT'S GUIDE - 6182

1/2" VHS color 40 min. 1995 SrH-A

Country music star, Naomi Judd, and a second patient give their views on coping with the disease. Liver specialists explain how hepatitis C is contracted, the history of the disease and treatment options. (ALF) (HEPATITIS)

HEPATITIS C: THE SILENT SCOURGE - 6405

1/2" VHS color 23 min. 1996 A

This program, hosted by Drs. Miriam Alter and Harold Margolis of the Centers for Disease Control and Prevention, explains current knowledge about the newest strain of the hepatitis virus, discovered less than ten years ago, and its causes, treatment, and prevention. (FFH) (HEPATITIS; MEDICINE)

HEPATITIS C UPDATE: DIAGNOSIS, EPIDEMIOLOGY, NATURAL HISTORY, AND THERAPY - 6181

1/2" VHS color 45 min. 1995 Professional

Gives primary care physicians up-to-date information on the prevention, diagnosis and treatment of hepatitis C. Traces history of the virus and follows increasing prevalence. Other topics covered include: screening methods, clinical features and epidemiology in the United States. (ALF) (HEPATITIS)

HERPES AND LONG TERM RELATIONSHIPS - 4254

1/2" VHS color 11 min. 1987 A

Discusses the challenge of coping with herpes within a long-term relationship. (ALTSCH) (SEXUALLY TRANSMITTED DISEASES)

HERPES AND PREGNANCY - 4251

1/2" VHS color 8 min. 1987 A

Although congenitally acquired herpes is serious and often fatal, women with herpes can still have a safe pregnancy and healthy delivery. Explores the necessary precautions, medical tests, and medications that must be taken with herpes and pregnancy. Discusses the possibility of cesarean delivery. (ALTSCH) (PRENATAL AND POSTPARTUM CARE; SEXUALLY TRANSMITTED DISEASES)

HERPES AND SINGLE PEOPLE - 4250

1/2" VHS color 10 min. 1987 A

Misconceptions about herpes have forced some sufferers to avoid social interaction in order to prevent possible rejection. Helps sufferers put the disease into perspective. (ALTSCH) (SEXUALLY TRANSMITTED DISEASES)

HERPES: THE EVASIVE INVADER - 147

16mm color 15 min. 1982 A

HERPES: THE NEW SEXUAL EPIDEMIC - 945

16mm color 17 min. 1981 JrH-A

HIV/AIDS AND AFRICAN AMERICANS-6892

1/2" VHS color 11 min. 1999 SrH-A

Provides concise current statistical overview of how HIV/AIDS is impacting communities of color. Intended for use as an educational tool in classrooms and community-based organizations. (NMAC) (ACQUIRED IMMUNE DEFICIENCY SYNDROME)

HIV/AIDS CLINICAL TRIALS: KNOWING YOUR OPTIONS - 6006

1/2" VHS color 19 min. 1996 A

Designed to help people living with HIV/AIDS learn more about what clinical trials are and to help them make informed choices about whether to participate in medical research studies at any point in their treatment. (ACQUIRED IMMUNE DEFICIENCY SYNDROME; MEDICINE)

HIV/AIDS INFORMATION: PUTTING THE PIECES TOGETHER - 6025

1/2" VHS color 30 min. 1995 A

While not providing the answers to many common questions concerning AIDS/HIV topics, sources are suggested for locating the information in a variety of formats, including print, audiovisual, local groups or organizations and on-line or computer accessed databases. Telephone numbers of specific sources described in the video are listed at the end. (VIDEOF) (ACQUIRED IMMUNE DEFICIENCY SYNDROME)

HIV AND AIDS - 6720

1/2" VHS color 33 min. 1991 JrH - A

An update of VC5297, ABOUT AIDS. Teaches what HIV and AIDS is, how it is transmitted, how to stop it, and what is involved when one contracts the disease. (PYR) (ACQUIRED IMMUNE DEFICIENCY SYNDROME)

HIV AND TEENS: REMEMBERING KRISTA BLAKE - 6736

1/2" VHS color 15 min. 1997 I - SrH

Krista Blake contracted HIV when she was sixteen from a hemophiliac boyfriend. Follows Krista over a three-year period as she speaks out about AIDS, and as her disease progresses. Demonstrates how painful the fight with AIDS can be. (ALTSCH) (ACQUIRED IMMUNE DEFICIENCY SYNDROME)

HIV: UNDERSTANDING THE DISEASE (English/Spanish) -7366

1/2" VHS color Eng-13 min., Span-13 min. 1995 A

Provides scientific animation and an overview of HIV disease. Includes interviews with HIV-positive individuals. Discusses specific aspects of the disease and its progression, including recent findings about markers for measuring viral load. (GLAXO) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; SPANISH LANGUAGE)

HOPE IS NOT A METHOD (4th Ed.) - 5380

1/2" VHS color 20 min. 1992 SrH-A

While emphasizing that abstinence is the only 100% effective method for preventing sexually transmitted diseases and unwanted pregnancies, it compares and contrasts other forms of birth control for the sexually active young adult. Covers both prescription and over-the-counter birth control methods, examining them in terms of effectiveness, usability, possibility of side effects, and obtainability. Stresses the importance of using condoms with most forms of birth control as a preventative measure against sexually transmitted diseases. Explains the effectiveness of various types of condoms and their proper use. (ALTSCH) (BIRTH CONTROL; SEXUALLY TRANSMITTED DISEASES)

HOSPICE - CARING INSTEAD OF CURING - 6186

1/2" VHS color 20 min. 1994 A, Professional

Explains how a hospice works and the roles of the hospice nurse, social worker, family counselor, home health aide, hospice volunteer, and hospice chaplain. Covers pain management, special hospice housing and care centers for AIDS patients, grief support. Describes one family's experience with hospice care and how the hospice team deals with the continuing cycle of death and loss. (MLIFE) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; DEATH AND DYING; NURSING; SOCIAL WORK)

HOUSE ON FIRE: BLACK AMERICA RESPONDS TO AIDS-7214

1/2" VHS color 56 min. 1999 A

Shows how HIV has spread through the African-American community and the impact on whole families. Explains the factors leading to drug use which contributes to an increased risk for HIV and AIDS. Looks at the increased contraction of HIV within the prisons. (NAACP) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; COMMUNITY AND RURAL HEALTH; DRUGS; LAW ENFORCEMENT)

HOW TO USE A CONDOM - 5150

1/2" VHS color 15 min. 1988 SrH-A

A sexologist uses an acrylic model of a penis to reveal the correct way to wear and remove condoms. Gels, lubricants and foams are also discussed. (MULTI) (BIRTH CONTROL; SEXUALLY TRANSMITTED DISEASES)

HOW YOU CAN ASSESS ENGINEERING CONTROLS FOR TB IN YOUR HEALTHCARE FACILITY: YOU DON'T NEED A WEATHERMAN TO KNOW WHICH WAY THE WIND BLOWS-6785

1/2" VHS color 25 min. 1998 A, Professional

Trains staff (infection control coordinators, safety officers, employee health practitioners and facility engineers) in the basic techniques used to assess engineering controls for evaluation and maintenance of tuberculosis controls in the healthcare setting. Topics include: isolation rooms; ventilation; exhaust air; HEPA filter units; negative pressure verification; negative pressure-quantitative; room pressure monitors; room clearance time; sputum induction; and waiting rooms. (CURRY) (OCCUPATIONAL HEALTH AND SAFETY; TUBERCULOSIS)

HPV (HUMAN PAPILLOMAVIRUS): ASSOCIATED DISEASE IN REPRODUCTIVE HEALTH CARE-7181

1/2" VHS color 120 min. 2000 Professional

Teleconference presented June 8, 2000. Human Papillomavirus (HPV) is one of the most common sexually transmitted diseases in the United States. Genital HPV is now recognized as the major cause in the development of cervical cancer. Presents the risk factors for HPV transmission and progression to cervical dysplasia. Describes new technologies, in particular

HPV, testing that may aid in cervical cancer screening. Explains the current recommendations for managing HPV infections, abnormal pap tests and genital warts. **The phone number and fax number given on the tape were only valid during the teleconference. They are no longer valid.** (CHT) (CANCER; SEXUALLY TRANSMITTED DISEASES)

HYGIENE AND HEALTH AT WORK-6942

1/2" VHS color 20 min. 1997 A

Describes bacteria and viruses and the methods by which disease can be spread. Discusses hepatitis A and B and HIV transmission. Emphasizes proper hygiene in controlling the spread of infection in the workplace including good bathroom hygiene. Gives the basics of good food handling techniques. Promotes regular exercise and good nutrition as ways of maintaining good health. (VOCAM) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; FOOD HYGIENE; HEPATITIS; OCCUPATIONAL HEALTH AND SAFETY; PHYSICAL FITNESS)

IF AIDS IS SO BAD, HOW COME WE DON'T KNOW ANYBODY WHO HAS IT? A PORTRAIT OF A FAMILY WITH AIDS - 4812

1/2" VHS color 23 min. 1990 JrH-A

A documentary about a young couple and their 6-month old son, all three of whom have AIDS. Not being in any of the high risk groups, they had never considered AIDS as even a remote possibility until their baby got sick and was diagnosed. It includes interviews in which they talk openly and honestly about living with AIDS, telling their families and friends, the positive side of all this and the changes in their values and approach to life. It also includes interviews with one of the grandmothers, talking about AIDS from a parent's point of view and follows this family through their everyday life both in and out of the hospital. (RITES) (ACQUIRED IMMUNE DEFICIENCY SYNDROME)

INFECTION PREVENTION AND CONTROL FOR HEALTH CARE CLINICS-7193

1/2" VHS color 15 min. 1997 Professional

Explains how pathogens can cause infections and reviews common pathogens. Lists the body fluids that most often carry pathogens and the five ways of transmission. Covers the prevention of the spread of infection with special emphasis on handwashing, surgical glove removal, cleaning spilled blood and fluids, and linen and sharp disposal. (MILNER) (COMMUNICABLE DISEASE; HEPATITIS; INFECTION CONTROL; MEDICINE; NURSING; SANITATION)

INFERTILITY - 5943

1/2" VHS color 84 min. 1995 Professional

A Centers for Disease Control video conference that focuses on strategies for the prevention and treatment of chlamydia. (CDC) (SEXUALLY TRANSMITTED DISEASES)

IN OUR OWN WORDS: TEENS AND AIDS (closed captioned)-7138

1/2" VHS color 20 min. 1995 JrH-SrH

Closed captioned for the hearing impaired. Five young people infected with HIV as teens through unprotected sexual intercourse tell of their experiences. Explains the perception of invulnerability present in many teens. (FHP) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; ADOLESCENCE; HEARING IMPAIRED)

INVITATION TO A VIRUS - 4294

1/2" VHS color 16 min. 1988 Professional

Covers important protective safeguards for dentists, dental assistants, dental hygienists, doctors, and nurses. (PYR) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; DENTAL HEALTH; HOSPITALS;

IT'S YOUR CHOICE: PREVENTING PREGNANCY AND STDs-7313

1/2" VHS color 28 min. 1996 JrH-SrH

Teen presenters identify the risks associated with sexual activity, including STDs, HIV infection and pregnancy. Refutes many myths about how pregnancy occurs and how STDs are transmitted. Cites basic facts about STDs: modes of transmission and common symptoms. Lists ways that a sexually-active person can bring up the subject of condoms in advance of a sexual situation. Shows how images in the media can negatively influence sexual behavior. Shows the realities of teen parenthood and contrasts them with the fantasy. Describes how drinking alcohol and using drugs can increase the risk of getting an STD or creating an unwanted pregnancy. Stresses that abstinence is the only 100% safe way of preventing an unwanted pregnancy. (HUMRE) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; ALCOHOL AND ALCOHOLISM; CONSUMER HEALTH; DRUGS; SEXUALLY TRANSMITTED DISEASES; TEENAGE PREGNANCY)

JUST LIKE ME: TALKING ABOUT AIDS-7311

1/2" VHS color 21 min. 1997 SrH-A

Interviews six young men and women who contracted HIV while teenagers. They speak out about their relationships prior to infection, how they believed they wouldn't contract this virus, and the physical, psychological, and social effects of being HIV-positive. They also discuss the difference between birth control and disease protection, plus the crucial importance of always using condoms or abstaining from sexual intercourse. (FFH) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; ADOLESCENCE)

JUST THOUGHT YOU OUGHTA KNOW-6909

1/2" VHS color 7 min. 1998 JrH-SrH

Teens talk to teens about the risks of sexual contact, including sexually transmitted diseases and teenage pregnancy. Explains that using a condom is not always effective. Emphasizes that some sexually transmitted diseases result in prolonged physical and emotional pain, infertility and even death. Offers abstinence as a logical alternative to a growing problem. (MI) (SEXUALLY TRANSMITTED DISEASES; TEENAGE PREGNANCY)

KECIA: WORDS TO LIVE BY - 5376

1/2" VHS color 22 min. 1992 JrH-A

Kecia is a 15-year-old Native American girl who is HIV-positive. Kecia explains how she contracted the HIV virus, her estrangement and reunion with her family, her pride in her cultural traditions. This is a heart-warming story of the individual's ability to grow in the face of adversity. (NEW DI) (ACQUIRED IMMUNE DEFICIENCY SYNDROME)

LA LECHE LEAGUE INTERNATIONAL 14th INTERNATIONAL CONFERENCE, 1995: VIRAL TRANSMISSION THROUGH HUMAN MILK-HEPATITIS AND HIV - T-0152

Audiocassette approx. 60 min. A, Professional

Conference held July 8-11, 1995. Speakers: Dr. L. Gartner and Dr. A. Ruff (LLL) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; BREASTFEEDING; HEPATITIS)

LA LECHE LEAGUE/WIC CONFERENCE, 1996

1/2" VHS color See below for times 1996 A

Conference held on June 8, 1996. (WIC) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; BREASTFEEDING; HEPATITIS; TUBERCULOSIS; WIC PROGRAM; WOMEN- HEALTH AND HYGIENE)

LONG-TERM USE OF MEDICATIONS IN THE

LACTATING WOMAN - 6065 (83 min.) Discussion of medications used during prolonged illness: hepatitis A, B, C, tuberculosis, hypertension, postpartum depression and others.

WILL MY BABY GET SICK? - 6066 (73 min.) Management of breastfeeding through treatment of illnesses such as hepatitis B or C, herpes, chicken pox, and tuberculosis. Current recommendations related to HIV.

LEGAL AIDS: FOR TEXANS WHOSE LIVES HAVE BEEN CHANGED FOREVER - 5479

1/2" VHS color 46 min. 1994 A

Featuring former Governor Ann Richards and former U.S. Representative Barbara Jordan. Designed for persons with AIDS to learn what their rights are under the law. Discusses employment discrimination, insurance issues, Medicare/Medicaid, creditor harassment, powers of attorney, living wills, designation of guardian before need, directive to funeral homes, directives to physicians, wills and trusts. (TYLA) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; DEATH AND DYING)

LET'S TALK ABOUT STD TESTING FOR YOUNG MEN - 5417

1/2" VHS color 12 min. 1992 SrH-A

Emphasizes the fact that males need to have routine STD tests. Debunks common myths about STDs. Encourages the use of condoms. (ETRNET) (MEN - HEALTH AND HYGIENE; SEXUALLY TRANSMITTED DISEASES)

LET'S TALK ABOUT STD TESTING FOR YOUNG WOMEN - 5392

1/2" VHS color 12 min. 1992 SrH-A

Explains that STDs are common and often silent, having no obvious symptoms in either males or females. Pelvic exams and pap smears are an important part of health care for young women. Consistent use of condoms may prevent STDs. Designed for viewers 13 to 21 years of age, particularly urban teens. (ETRNET) (SEXUALLY TRANSMITTED DISEASES; WOMEN - HEALTH AND HYGIENE)

LIGHTS OF HOPE (Spanish) - 5506

1/2" VHS color 28 min. 1991 A

Emphasizes the importance of HIV education using Latino images, values, and cultural norms. Other topics include the importance of showing compassion toward HIV-infected individuals. Heavy emphasis is placed on the Catholic Church and religion. (NATL A) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; SPANISH LANGUAGE)

LIVING WITH HERPES: THE FACTS AND THE FEELINGS-7117

1/2" VHS color 17 min. 1993 A

Designed for persons with herpes simplex virus infection. Explains how herpes is transmitted and the frequency of outbreaks. Describes the role of antiviral therapy. Discusses the risk of asymptomatic shedding between outbreaks and the importance of communication with and protection for the sexual partner. The Texas Department of Health does not endorse any particular product or treatment. (ASOHA) (SEXUALLY TRANSMITTED DISEASES)

LIVING WITH HIV-6603

1/2" VHS color 17 min. 1996 JrH-A

Profiles Rick Harrington, a teenage boy who was born with the HIV virus. Rick explains what the HIV virus is, how it is and is not transmitted, and what life is like for him. Describes some of the different and experimental treatments that have been tried. Includes interviews with his mother, doctor,

and friends. (ALTSCH) (ACQUIRED IMMUNE DEFICIENCY SYNDROME)

LOVE IN THE DARK AGES - 7342

1/2" VHS color 30 min. 1994 JrH-A

Dramatizes the need for sexual responsibility among teenagers who are at risk of contracting STDs and becoming pregnant. Shows a young couple who has been intimate and the girl contracts chlamydia, a sexually transmitted disease. Through discussions with their parents and the doctor, the couple decides that sex belongs in a long-term committed relationship and that abstinence is best for them. (MEDGLD) (ADOLESCENCE; DATING; SEXUALLY TRANSMITTED DISEASES)

MANAGING TUBERCULOSIS IN A CORRECTIONAL SETTING - 5657

1/2" VHS color 120 min. 1995 A, Professional

Several experts from various fields of health, epidemiology, Centers for Disease Control, and the penal system present information on the problems of controlling tuberculosis in correctional settings. Covers epidemiology, surveillance in jails and prisons, treatment, identification, screening, and public health. (NICO) (TUBERCULOSIS)

MI HERMANO Spanish with English subtitles - 4771 Spanish- 4772

1/2" VHS color 30 min. 1990 JrH-A

Shows the turmoil and grief an Hispanic family experiences as a son dies with AIDS. Because the family had little knowledge about AIDS, the father blames the son's wife for his son's infection. As another son learns more about AIDS and how it is transmitted, he communicates this to other family members. To prevent the spread of AIDS, it is important for everyone to understand how it is transmitted. (AM RED) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; HEARING IMPAIRED; SPANISH LANGUAGE)

A MILLION TEENAGERS (5th Ed.) English- 5871 Spanish-5063

1/2" VHS color 25 min. 1991 JrH-SrH

The latest revision to this video that deals not only with sexually transmitted diseases, but also contains a major sequence on AIDS. Designed to promote understanding and prevention with a minimum of embarrassment and a great deal of common sense. (CHURCH) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; SEXUALLY TRANSMITTED DISEASE; SPANISH LANGUAGE)

MULTI DRUG RESISTANT TB (VIDEO NEWS RELEASE) - 6309

1/2" VHS color 7 min. 1997 A

Consists of 1-1/2 minute segments each of a tracked and untracked package for broadcast on local TV news; additional B-roll footage showing TB patient receiving medication; additional interviews with Dr. Teresa Lightner, from South Texas Hospital, and Dr. Barbara Seaworth, from the Texas Center for Infectious Disease; and a list of local tuberculosis program managers. Accompanying print material includes editor's notes concerning this news release; a suggested anchor lead-in; and the script of the tracked package. (TDH) (TUBERCULOSIS)

NATIONAL RURAL HEALTH ASSOCIATION NATIONAL CONFERENCE, 1995: EMERGING APPROACHES TO HIV SERVICE NETWORKS IN RURAL AREAS - T-0250

audiocassette 60 min. 1995 A, Prof

(NRHA) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; COMMUNITY AND RURAL HEALTH; MEDICINE)

NOT ME: INNOCENCE IN THE TIME OF AIDS - 5477

1/2" VHS color 53 min. 1993 JrH-A

Six HIV-positive young adults talk frankly with high school students about HIV and sexual transmission of the virus. They reveal how they were infected and how their lives have been affected. Explains the benefits of abstinence, the importance of using condoms and getting tested for HIV. Viewers are told that even a single sexual experience can cause infection, and that they must take responsibility for protecting themselves and others. (PYR) (ACQUIRED IMMUNE DEFICIENCY SYNDROME)

NOW THAT YOU KNOW: LIVING HEALTHY WITH HIV-- UNDERSTANDING TREATMENT--1995 UPDATE - 5853

1/2" VHS color 54 min. A, Professional

An update to the 1991 four-part series. Presents the most recent changes in HIV/AIDS research, the most notable of which are related to monitoring HIV with lab tests, testing HIV infection, and preventing and treating AIDS-related conditions. (KAISER)(ACQUIRED IMMUNE DEFICIENCY SYNDROME)

A PARENT MEETING: DISCUSSING HIV/AIDS IN OUR COMMUNITY-6885

1/2" VHS color 20 min. 1992 A

Presents an actual parent informational meeting conducted by a school board which addresses the concerns parents may have regarding school policy and preparation for children with AIDS. Health care professionals describe the HIV virus and the progression of the AIDS disease. They discuss the implementation of universal precautions. School administrators address school policy and age-based curriculum for the students. (PEDAID) (ACQUIRED IMMUNE DEFICIENCY SYNDROME)

THE PATIENT GUIDE TO TB - 6278

1/2" VHS color 14 min. 1993 A

Gives information to patients who are newly diagnosed with tuberculosis. Emphasizes regular and consistent medication to complete the cure. Explains the differences between inactive and active tuberculosis, and infectious and non-infectious tuberculosis. The Texas Department of Health does not endorse any particular product or company. (MEDCOM) (TUBERCULOSIS)

PEDIATRIC TUBERCULOSIS: AN AUDIOTAPE FOR CLINICIANS-T-0391

audiocassette 49 min. 2000 Professional

Gives the risk factors for tuberculosis exposure that should be explored when children are screened for tuberculosis. Lists the procedures for evaluating a young child exposed to an adult with contagious TB. Describes the steps for proper placement and interpretation of the tuberculin skin test. Explains the current recommendations for treatment of latent TB infection and active TB disease. (CURRY) (TUBERCULOSIS)

POSITIVE: A JOURNEY INTO AIDS-6611

1/2" VHS color 44 min. 1995 SrH-A

Follows two actors from the daytime drama, *Guiding Light*, as they research their roles as AIDS patients. They talk with men and women in all stages of the disease. Explains the ways a person can become infected with HIV. Describes HIV testing. Presents some of the challenges AIDS patients face in their everyday lives. Confronts the reality of death in an AIDS hospice. (FANLIG) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; DEATH AND DYING)

PRECIOUS CHANCE English - 5429 English and Spanish- 5969

1/2" VHS color 17 min. 1992 A

A looped video, repeated throughout tape, which outlines the immunizations children need to protect them from crippling and deadly diseases. Explains the symptoms and dangers of each of these diseases, the aftereffects of the vaccines and the contraindications. Explains when to delay getting the vaccines, and the importance of a complete medical history for the child including any allergic reactions the child may have had. Includes DTP (diphtheria, tetanus, pertussis); Polio, MMR (measles, mumps and rubella), Hib (bacterial meningitis), HBV (hepatitis B). (SCR) (ALLERGIES; CHILDREN - CARE AND HYGIENE; COMMUNICABLE DISEASES; HEPATITIS; IMMUNIZATION; SPANISH LANGUAGE)

PRIVATE AFFAIRS - 4808

1/2" VHS color 30 min. 1990 JrH-A, Professional

Deals openly and frankly with the issues involved in sexual responsibility. Defines safe sex. Dramatizes the story of a teenage boy who has unprotected sex with his girlfriend. When he finds out that a previous sexual partner of his has developed gonorrhea, he seeks treatment and must tell his girlfriend the situation so she also can seek treatment. Stresses that a condom should be used to protect against sexually transmitted diseases. (MEDGLD) (SEX EDUCATION; SEXUALLY TRANSMITTED DISEASES)

PSYCHO-SOCIAL CONSIDERATIONS IN MANAGING GENITAL HERPES-7094

1/2" VHS color 16 min. 1991 Professional

Intended for health care professionals. Advises physicians on ways to counsel a patient when genital herpes is suspected. Three persons comment on their experiences when they discovered that this is a lifelong disease. The Texas Department of Health does not endorse any particular brand or product. (GLAXO) (MEDICINE; SEXUALLY TRANSMITTED DISEASES)

RASHES AND CHILDHOOD DISEASES-3196

73 slides color 1975 A-Professional

Demonstrates scabies, chickenpox, rubeola, rubella, scarlet fever, streptococcal throat, impetigo, mumps, rocky mountain spotted fever, hepatitis, ringworm, poison ivy, poison oak, pediculosis, echo virus, and erythema infectiosum. (CDC) (COMMUNICABLE DISEASES; HEPATITIS; MEDICINE; PARASITES; SKIN AND SKIN DISEASES)

RESPECT YOURSELF, PROTECT YOURSELF-6890

1/2" VHS color 9 min. 1998 I-JrH

Presents fast-paced overview of liver functions and the dangers posed by hepatitis and other liver-related illnesses. Describes behaviors which may put a person at risk for contracting hepatitis including tattoos, body piercing, and sharing toothbrushes. (HFI) (HEPATITIS)

THE ROAD WE TAKE: KIDS GROWING UP IN THE SHADOW OF AIDS - 6728

1/2" VHS color 17 min. 1993 I - JrH

Helps upper elementary school children to understand what AIDS is and how it can be prevented. Emphasizes the importance of learning about and avoiding risky behaviors as well as how good choices will keep them from getting AIDS. Emphasizes that peer pressure, drugs, and alcohol can impair judgment and lead to bad choices. (MEDGLD) (ACQUIRED IMMUNE DEFICIENCY SYNDROME)

A SATELLITE PRIMER ON TUBERCULOSIS

8 - 1/2" VHS color each part: 95 min. 1995 & 2000 Professional

A 9-part, satellite primer on tuberculosis designed to inform public health workers about tuberculosis. Intended for entry level public health workers,

staff of correctional facilities, drug treatment centers, migrant clinics, nursing homes, homeless shelters, or other facilities serving persons with or at risk for tuberculosis. Includes a guide and glossary booklets. A print version for the self-study modules is found at: www.cdc.gov/phtn/tbmodules (ALA) (TUBERCULOSIS)

5788 Part 1 - Transmission and Pathogenesis of Tuberculosis (1995)

5789 Part 2 - Epidemiology of Tuberculosis (1995)

5790 Part 3 - Diagnosis of Tuberculosis Infection and Disease (1995)

5791 Part 4 - Treatment of Tuberculosis Infection and Disease (1995)

5792 Part 5 - Infectiousness and Disease Control (1995)

7111 Part 6. CONTACT INVESTIGATIONS FOR TUBERCULOSIS (2000)

7112 Parts 7 & 8. INSTITUTIONS AND CONFIDENTIALITY IN TUBERCULOSIS CONTROL / TUBERCULOSIS SURVEILLANCE AND CASE MANAGEMENT IN HOSPITALS (2000)

7113 Part 9. PATIENT ADHERENCE TO TUBERCULOSIS TREATMENT (2000)

A SECRET CALLED HIV-6490

1/2" VHS color 12 min. 1995 P-I

Four children who are HIV positive describe the attitudes they and their parents have encountered because of their positive status. They tell how much they want to make friends. People can be unkind, prompting these children to keep their HIV status a secret. Advises children as to practical hygienic practices concerning blood, since HIV is not the only virus which is spread through contact with infected blood. (AQUARI) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; HYGIENE; PREJUDICE)

SEX AND OTHER MATTERS OF LIFE AND DEATH-6602

1/2" VHS color 29 min. 1997 SrH-A

Chronicles a teenage theater group which performs at inner city schools using dramatic vignettes to teach prevention and risk reduction methods regarding the dangers of HIV/AIDS and sexually transmitted diseases. The question and answer parts following the performances are frank and explicit. Should be previewed before showing. (ALTSCH) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; DATING; SEXUALLY TRANSMITTED DISEASES)

SEXUAL AWARENESS - 4541

1/2" VHS color 45 min. 1989 SrH-A

A series of dramatized vignettes demonstrating situations college students encounter as they deal with their sexuality and form interpersonal relationships. Such issues as sexual abstinence, unplanned pregnancy, sexually transmitted diseases, and the use of condoms are frankly discussed in these skits. (SWT) (BIRTH CONTROL; SEX EDUCATION; SEXUALLY TRANSMITTED DISEASES)

SEXUALLY TRANSMITTED DISEASES (Milner) English-4626 Spanish - 4627

1/2" VHS color 13 min. 1991 SrH-A

Provides an overview of the most frequent sexually transmitted diseases--chlamydia, gonorrhea, syphilis, HPV, herpes, and AIDS. It discusses who is most at risk, emphasizing that 1 out of 10 teens is diagnosed with an STD. After explaining that STDs are often discovered on routine examination when there are no actual symptoms, the tape reviews the symptoms that may be present in men and women. Treatments for curable STDs are reviewed. Although abstinence is recommended as the best

preventative technique, use of a condom with spermicide is suggested for people who decide they want to have sex. The tape shows female patients throughout, however, it is appropriate for mixed audiences. (MILNER) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; SEXUALLY TRANSMITTED DISEASES; SPANISH LANGUAGE)

SEXUALLY TRANSMITTED DISEASES AND AIDS - 4554

1/2" VHS color 26 min. 1990 SrH-A

Discusses AIDS in the context of other sexually transmitted diseases. Frank discussion of use of condoms and spermicides. (ALTSCH) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; BIRTH CONTROL; SEX EDUCATION; SEXUALLY TRANSMITTED DISEASES)

SEXUALLY TRANSMITTED DISEASES: MORE BUGS, MORE PROBLEMS (3rd Ed.) - 5016

1/2" VHS color 21 min. 1992 JrH-A

Stresses the need for prevention through abstinence or by using a condom. Syphilis is shown as second only to AIDS in the number of cases reported. Includes information on gonorrhea, herpes, genital warts, chlamydia, and pelvic inflammatory disease. (HIGGIN) (SEXUALLY TRANSMITTED DISEASES)

SEXUALLY TRANSMITTED DISEASES: THE KEYS TO PREVENTION - 6454

1/2" VHS color 38 min. 1993 SrH-A

Covers transmission, prevention and recognition of sexually transmitted infections. Reviews STDs such as herpes, HIV and AIDS, gonorrhea, syphilis, chlamydia, pelvic inflammatory disease (PID), genital warts, hepatitis B, and trichomoniasis. (KAROL) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; HEPATITIS; SEXUALLY TRANSMITTED DISEASES)

SEXUALLY TRANSMITTED DISEASES: WHAT YOU SHOULD KNOW - 4169

1/2" VHS color 25 min. 1988 JrH-A

Heightens teenagers' awareness of the causes, symptoms, and health consequences of sexually transmitted diseases including AIDS. Encourages sexual abstinence and stresses the importance of low-risk behavior. Urges immediate treatment for anyone who has symptoms or exposure to an STD. (SUNBUR) (SEXUALLY TRANSMITTED DISEASES)

SIDA/AIDS: LO QUE TODA PERSONA DEBE SABER (Spanish) - 4141

1/2" VHS color 10 min. 1988 JrH-A

Produced by the Hispanic AIDS Committee for Education and Resources (HACER), San Antonio. Using graphics, presents the facts on transmission of AIDS, symptoms, who should be tested, and methods of prevention. (HACER) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; SEXUALLY TRANSMITTED DISEASES; SPANISH LANGUAGE)

SIDA Y SU FAMILIA (Spanish) - 4085

1/2" VHS color 12 min. 1988 JrH-A

Explains the basics about AIDS and HIV transmission to Spanish-speaking audiences and explains how HIV (Human Immunodeficiency Virus) is transmitted. Produced by the Dallas County Health Department. (DALLAS) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; SEXUALLY TRANSMITTED DISEASES; SPANISH LANGUAGE)

THE SILENT STALKER-7301

1/2" VHS color 8 min. 2000 JrH-SrH

Promotes the prevention of hepatitis and substance abuse. Warns that the

viruses which cause hepatitis B and C are spread by open wound contact with infected blood and other body fluids. Dirty needles used in taking drugs and even body piercing or tattooing can spread these life threatening diseases. Encourages immunization for hepatitis B. (HFI) (DRUGS; HEPATITIS; IMMUNIZATION; SEXUALLY TRANSMITTED DISEASES)

SISTER'S KEEPER: WHAT EVERY BLACK WOMAN SHOULD KNOW ABOUT AIDS-7215

1/2" VHS color 28 min. 1999 A

Black women talk openly about what HIV means to them as mothers, lovers, wives and grandmothers. Explains the effect of HIV during pregnancy. Describes how drug use can lead to circumstances which would put a person at risk for contracting HIV. Advises women to protect themselves and supplies community resources where women can go for help. (NAACP) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; COMMUNITY AND RURAL HEALTH; DRUGS)

SKIN MANIFESTATIONS OF SEXUALLY TRANSMITTED DISEASES (Slides) - 3167

47 Slides color 1986 A, Professional

Reviews skin manifestations of syphilis, gonorrhea, chancroid, LGV, GI, herpes, molluscum contagiosum, venereal warts, scabies and lice. (NAVC) (PARASITES; SEXUALLY TRANSMITTED DISEASES; SKIN AND SKIN DISEASES)

STD'S, AIDS, AND THE CLEAN LOVE SOLUTION - 6739

1/2" VHS color 30 min. 1997 JrH-SrH

Teaches students that abstinence is the only 100% effective way to avoid sexually transmitted disease and unwanted pregnancy. Describes the transmission, prevention, symptoms, and treatment of syphilis, chlamydia, pubic lice, venereal warts, genital herpes, trichomoniasis, gonorrhea, and human immunodeficiency virus (HIV). Distinguishes between confidential and anonymous testing for STD's. Identifies risky behaviors for sexually transmitted diseases such as sharing needles or other equipment in intravenous drug use; piercings or tattoos at facilities that don't use sterilized equipment and new needles for each customer; giving or receiving oral sex; sexual intercourse; touching or coming into contact with infected blood, semen, vaginal secretions, cuts, sores or abrasions anywhere on the body. Defines barrier method protection such as latex condoms or dental dams. (KINETI) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; SEXUALLY TRANSMITTED DISEASES)

STD's: STRAIGHT TALK (Rev.) English- 6136 Spanish-6379

1/2" VHS color 20 min. 1996 SrH-A

Shows two teenagers, one male and one female, as they are examined for sexually transmitted diseases. The exam is thoroughly explained. Includes the emotional stories of real teenagers who have acquired an STD. Stresses that although most STD's are preventable, not all are curable. Abstinence is the only safe way to avoid all STD's. (ALTSCH) (SEXUALLY TRANSMITTED DISEASES; SPANISH LANGUAGE)

STICK TO YOUR LIMITS (ABSTINENCE VERSION) - 6723

1/2" VHS color 17 min. 1994 JrH

Stresses that having self-control and using refusal skills can help teens avoid difficult situations before they happen. This video demonstrates effective examples of teens using refusal skills with their peers to avoid putting themselves at the risk of contracting a sexually transmitted disease. (ALTSCH) (ADOLESCENCE; DATING; SEXUALLY TRANSMITTED DISEASES)

STOPPING THE SPREAD OF HIV AND AIDS (closed captioned)-6604

1/2" VHS color 16 min. 1996 SrH-A

Closed captioned for the hearing impaired. Using frank interviews with real people, reviews the ways people can get AIDS: through sex, blood, shared needles, or from mother to fetus or newborn. Suggests ways to minimize exposure to HIV. Presents abstinence as the "safest" option. Also covers the difference between HIV and AIDS, drug use, testing for HIV, and how to avoid giving HIV to someone else. Should be previewed before showing. (INTERM) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; HEARING IMPAIRED)

TAKING CHARGE OF OUR LIVES: HOW I SEE AIDS IN MY WORLD - 5547

1/2" VHS color 76 min. 1991 A

A session from the Taking Charge of Our Lives Conference held in Denver, Colorado, September, 1991. Discusses the barriers and opportunities for AIDS prevention and care in ethnic and minority communities. (OMH) (ACQUIRED IMMUNE DEFICIENCY SYNDROME)

TAKING CHARGE OF OUR LIVES: ORGANIZING THE RELIGIOUS COMMUNITIES - 5552

1/2" VHS color 74 min. 1991 A

A workshop held in conjunction with the Taking Charge of Our Lives Conference, Denver, Colorado, September, 1991. Discusses the organization of religious groups as advocates for HIV prevention and treatment in the minority communities. (OMH) (ACQUIRED IMMUNE DEFICIENCY SYNDROME)

TAKING CHARGE OF OUR LIVES: THE UNIQUE NEEDS OF NATIVE AMERICANS - 5546

1/2" VHS color 63 min. 1991 A

A workshop held in conjunction with the Taking Charge of Our Lives Conference, Denver, Colorado, September, 1991. Discusses advocacy programs for Native Americans in the prevention and treatment of HIV as they move between tribal, IHS, and State systems. (OMH) (ACQUIRED IMMUNE DEFICIENCY SYNDROME)

A TATTOO?...YOU?-6623

1/2" VHS color 9 min. 1995 SrH-A, Professional

Two teens discuss the factors involved in deciding to get a tattoo. Examines the procedure, the health risks and methods of removal, such as laser therapy. Accompanying guide offers discussion questions and masters for brochures for distribution. (TTUHSC) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; ADOLESCENCE; HEPATITIS; SKIN AND SKIN DISEASES)

TB AND HIV: THE CONNECTION English-6632 Spanish-6633

1/2" VHS color 14 min. 1997 SrH-A

People diagnosed as HIV-positive are encouraged to be tested for tuberculosis. Emphasizes the importance of taking all of the medications if the test shows the presence of tuberculosis bacteria whether or not the person is suffering from the tuberculosis disease. (CDC) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; SPANISH LANGUAGE; TUBERCULOSIS)

TB: "I WISH I'D KNOWN THEN WHAT I KNOW NOW"-6860

1/2" VHS color 9 min. 1999 A, Professional

Targets law enforcement officers and support staff who may be at risk for exposure to people with an active case of tuberculosis. Dramatizes how one active case can expose many people. Explains how face masks, respirators, and adequate vehicle ventilation can protect staff. (TDH) (LAW

ENFORCEMENT; TUBERCULOSIS)

TEEN CONTRACEPTION (1996) (closed captioned)-6480

1/2" VHS color 13 min. 1996 JrH-A

Closed captioned for the hearing impaired. Presents the myths, risks, and realities of having sex, while stressing abstinence. Gives an overview of contraceptive devices. Encourages condom use at all times to prevent STDs and pregnancy. (FIDEAS) (BIRTH CONTROL; HEARING IMPAIRED; SEXUALLY TRANSMITTED DISEASES)

TEENS AT RISK: BREAKING THE IMMORTALITY MYTH - 6245

1/2" VHS color 19 min. 1993 JrH-SrH

Dispels the immortality myth often believed by teens that nothing will happen to them. Through examples of an HIV-positive teen, one crippled from an alcohol-related accident, and a pregnant and unmarried teen, the video shows that teens are not immortal; poor decisions can have life-changing consequences. (HIGGIN) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; ADOLESCENCE; ALCOHOL AND ALCOHOLISM; TEENAGE PREGNANCY)

TESTED - 6744

1/2" VHS color 16 min. 1998 JrH - A

Provides an account of the actual, first-hand experience of a young man going through the process of getting tested, for the first time, for HIV infection. Illustrates the internal processes and external effects of someone who is facing the reality of possible HIV infection. Viewers gain first hand experience in not only dealing with the potential test results, but also the stigma attached to actually being tested. (FIDEAS) (ACQUIRED IMMUNE DEFICIENCY SYNDROME)

THINK TB: A PROGRAM FOR PHYSICIANS-6636

1/2" VHS color 20 min. 1997 Professional

Roundtable discussion intended for primary care physicians. Emphasizes the importance of taking complete medical histories; screening high risk groups for tuberculosis and classifying tuberculin reactions; and of ruling out active TB in a patient. Discusses preventive therapy and regimen; the monitoring of medications and possible side effects including hepatic toxicity; and the role of the Health Department in assisting the medical professional. (CDC) (MEDICINE; TUBERCULOSIS)

THIS IS A VIDEO ABOUT HERPES - 7335

1/2" VHS color 18 min. 1996 JrH-SrH

Provides information about herpes and motivates teens to recognize high-risk behaviors and attitudes and find ways to change them. Explains that there is no cure for herpes and most people don't know they have it. Provides information on treatments and methods to reduce the risk of contracting the disease. (GLAXO) (SEXUALLY TRANSMITTED DISEASES)

THUMBS UP FOR KIDS - 4445

1/2" VHS color 23 min. 1990 P-EI

A romper room teacher interacts with a small group of children while teaching about disease prevention in general and AIDS in particular. Through song, dance, and visual effects, the children discover that AIDS is hard to get, and the importance of keeping clean. (AIMS) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; HYGIENE)

TIME OUT: THE TRUTH ABOUT HIV, AIDS AND YOU - 5115

1/2" VHS color 42 min. 1992 SrH-A

Hosted by Arsenio Hall and Magic Johnson, this program features appearances by such stars as Paula Abdul, Kirstie Alley, Tom Cruise, Jasmine Guy, Sinbad, Malcolm-Jamal Warner, and many others. Explains what HIV

and AIDS are, corrects common misconceptions about the disease, includes teen talk about abstinence, peer pressure, dating, HIV testing. Explains why condoms are important and how they are used. Provides factual information on ways HIV can be contracted. Stresses the importance of HIV testing and counseling. An upbeat MTV-like presentation, targeting young people, that combines frank talk, rap music, interviews, skits, and factual discussions. (PARMNT) (ACQUIRED IMMUNE DEFICIENCY SYNDROME)

TOO CLOSE FOR COMFORT - 4938

1/2" VHS color 27 min. 1990 SrH-A

Explains homophobia and identifies it as one form of discrimination. Describes the link between homophobia and discrimination against people with HIV infection. Helps viewers to gain insight into their assumptions about human sexuality, and see how myths and stereotypes work to deny individuality. (ETRNET) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; HOMOSEXUALITY; PREJUDICE)

TOO LITTLE, TOO LATE - 4995

1/2" VHS color 48 min. 1987 A

Several parents and other family members of AIDS patients share the pain and frustration of watching their loved one die. Explains that they derived some solace from standing by their children in time of crisis. Explains the isolation they feel when they and their families are shunned by friends and acquaintances because of their child's illness. Describes the sadness these parents feel when they see AIDS patients whose families and friends have deserted them and left them to die alone. (FANLIG) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; DEATH AND DYING; PREJUDICES)

TRUCHA - 4270

1/2" VHS color 11 min. 1989 JrH-SrH

Dramatizes dating situations, peer pressures and decision making for Hispanic teens. Appeals to teens through music, humor and popular language. The language is primarily English, with a mixture of Spanish. Includes several public service announcements at the end in English and Spanish. Borrowers may reproduce this videotape for non-profit educational settings. (ELPASO) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; SEXUALLY TRANSMITTED DISEASES; SPANISH LANGUAGE)

THE TRUTH ABOUT SEX (closed captioned)-7139

1/2" VHS color 45 min. 1998 SrH-A

Forces teenagers to face the hard-hitting realities of having sex too young, including unwanted pregnancies and STDs. Teens discuss the struggles of becoming parents at such a young age, while another young couple faces that possibility. A group of teenagers participate in a "mock AIDS test," and Lisa, a 33-year-old heterosexual woman with full blown AIDS, shares her story. (AIMS) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; ADOLESCENCE; HEARING IMPAIRED; SEXUALLY TRANSMITTED DISEASES; TEENAGE PREGNANCY)

TUBERCULIN SKIN TESTING (MANTOUX) - 4413

1/2" VHS color 18 min. 1989 Professional

Shows revised standards for performing and interpreting the Mantoux skin test. May be copied for use in educational settings. (CDC) (TUBERCULOSIS)

TUBERCULOSIS: A CHALLENGE FOR THE AMERICAS

English-6652 Spanish - 6653

1/2" VHS color 8 min. 1996 A

Explains that there is again an increasing number of tuberculosis cases and they are sometimes accompanied by HIV. Presents an effective, low-cost strategy to control tuberculosis and stresses the need to ensure early diagnosis.

Discusses treatments to completely cure patients. (PAHO) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; SPANISH LANGUAGE; TUBERCULOSIS)

TUBERCULOSIS: AN UPDATE - 6446

1/2" VHS color 227 min. 1997 Professional

Teleconference presented in association with the Department of Veterans' Affairs and the CDC held on October 28, 1997. Part 1. Tuberculosis Epidemiology Update and Cluster Investigation (108 min.) Includes information concerning the treatment of HIV infected individuals who also suffer from tuberculosis. Part 2. TB Controversies (60 min.). Part 3. Tuberculosis as an Occupational Disease: OSHA's Approach (59 min.) Discusses regulating prevention and explains OSHA's proposed TB rule. **THE PHONE NUMBER AND FAX NUMBER GIVEN ON THE TAPE WERE ONLY VALID DURING THE TELECONFERENCE. THEY ARE NO LONGER VALID.** (STLMED) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; TUBERCULOSIS)

TUBERCULOSIS AWARENESS (closed captioned)- 5858

1/2" VHS color 16 min. 1994 A, Professional

Closed captioned for the hearing impaired. Since 1985 there has been a resurgence of tuberculosis. Because understanding tuberculosis is crucial to the fight against it, this video provides an explanation of the symptoms, what precautions to take in prevention, periodic tuberculosis testing, and proper treatment. (COASTA) (HEARING IMPAIRED; TUBERCULOSIS)

TUBERCULOSIS: BACK FROM THE PAST - 5703

1/2" VHS color 18 min. 1993 A

Targets health care workers, providing an accurate description of the cause of tuberculosis, means of spreading infection, symptoms, and infection control measures in health care settings. Lists risk groups and talks about drug-resistant strains. Covers the use of respirators, HEPA filters and UV lights as well as good ventilation and procedures to use in the isolation room. (COASTA) (TUBERCULOSIS)

TUBERCULOSIS CONTROL IN CORRECTIONAL FACILITIES - 6895

2-1/2" VHS color 180 min. 1999 A, Professional

Teleconference originally aired on February 24, 1999. Topics include: status of TB in corrections; transmission, diagnosis and treatment; basics of a screening program; transportation issues; developing a TB plan; staff training; and contact investigation both inside and outside the correctional facility. **THE PHONE NUMBER AND FAX NUMBER GIVEN ON THE TAPE WERE ONLY VALID DURING THE TELECONFERENCE. THEY ARE NO LONGER VALID.** (TDH) (LAW ENFORCEMENT; OCCUPATIONAL HEALTH AND SAFETY; TUBERCULOSIS)

TUBERCULOSIS CONTROL IN CORRECTIONAL FACILITIES

1/2" VHS color See running times below 1999 A, Professional
Teleconference originally aired on February 24, 1999. Excerpted from VC-6895 "TUBERCULOSIS CONTROL IN CORRECTIONAL FACILITIES." **The phone number and fax number given on the tapes were only valid during the teleconference. They are no longer valid.** (TDH) (INFECTION CONTROL; LAW ENFORCEMENT; TUBERCULOSIS)

Part 1. PREVENTING TUBERCULOSIS IN CORRECTIONAL FACILITIES -7166 (22 min.)

Part 2. TUBERCULOSIS SCREENING AND DIAGNOSIS IN CORRECTIONAL FACILITIES -7167 (29 min.)

Part 3. SAFELY TRANSPORTING INMATES WITH

TUBERCULOSIS -7168 (14 min.)

Part 4. CREATING A PLAN TO CONTROL TUBERCULOSIS - 7169 (22 min.)

Part 5. INS AND OUTS OF CONTACT INVESTIGATION-7170 (32 min.)

TUBERCULOSIS IN THE HEALTHCARE ENVIRONMENT English-6467 Spanish-6783

1/2" VHS color 22 min. 1996 Professional

Intended for healthcare workers in facilities where patients suffering from tuberculosis are treated. Discusses risk factors favoring the spread of tuberculosis. Explains the following topics included in the 1994 CDC guidelines and the pending OSHA standard: employee training, written TB control plan, administrative controls, engineering controls, and personal protective equipment. Includes updated information about the N-95 respirators. (LONGI) (OCCUPATIONAL HEALTH AND SAFETY; SPANISH LANGUAGE; TUBERCULOSIS)

TUBERCULOSIS: OSHA/CDC GUIDELINES - 5907

1/2" VHS color 20 min. 1994 A, Professional

Explains the OSHA Enforcement Policy and CDC Guidelines regarding tuberculosis (TB) awareness and worker protection. Explains the epidemiology of TB (latent, active, and multi-drug resistant); signs and symptoms of TB; risk group and reasons for the rise in TB cases. Discusses the regulatory aspects of TB: CDC Guidelines and OSHA Enforcement Policy. Explains workplace risks, modes of transmission, and post-exposure management. To reduce these workplace risks, discusses an "exposure control plan" that includes administrative controls, engineering controls, and personal protective equipment. (TNI) (OCCUPATIONAL HEALTH AND SAFETY; TUBERCULOSIS)

TUBERCULOSIS--RETURN OF AN ANCIENT KILLER - 5843

1/2" VHS color 17 min. 1995 A, Professional

Dramatizations with three nationally recognized tuberculosis experts that explain possible reasons for the recent increase in tuberculosis and steps that are being taken by public health departments to control and eliminate it. Discusses the rise of drug-resistant tuberculosis and demonstrates directly-observed therapy. (TB) (TUBERCULOSIS)

TUBERCULOSIS 2000

3 - 1/2" VHS color each part 120 min. 1997 Professional

A 3-part satellite teleconference. (CURRY) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; TUBERCULOSIS)

6296 Part 1 - recorded Jan. 23, 1997. Includes the diagnosis, treatment, and screening for tuberculosis.

6297 Part 2 - recorded Jan. 30, 1997. Includes the prevention of tuberculosis; institutional control measures and personal respiratory protection against tuberculosis.

6298 Part 3 - recorded Feb. 6, 1997. Includes HIV and tuberculosis, pediatric tuberculosis; public health measures against tuberculosis; and controlling TB through health care policy.

TUNING INTO STD'S/HIV (Spanish) - 5540

1/2" VHS color 27 min. 1992 A

Provides information on the symptoms and prevention of sexually transmitted diseases and HIV. Discusses the cultural issues related to condom use in Hispanic men. Also discusses the effect of HIV on the Hispanic community. (PTPP) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; MEN - HEALTH AND HYGIENE; SEXUALLY TRANSMITTED DISEASES; SPANISH LANGUAGE)

UNIVERSAL PRECAUTIONS: A PERSONAL PRIORITY - 5880

1/2" VHS color 13 min. 1994 A, Professional

A revised edition of "Universal Precautions: Guidelines for Long Term Care Facilities." Explains how health care workers exposed to blood and body fluids are at risk for contracting hepatitis B and HIV unless universal precautions are taken to protect them. Discusses the importance of handwashing before and after contact with patients, and at other times when risk of exposure is possible. Covers the use of disposable supplies, and protective clothing, including gloves, gowns, aprons, goggles, and masks. Explains the proper way to handle soiled linen, to handle used syringes, and to clean up blood spills. Stresses the importance of reporting when an accidental exposure to blood or body fluids has occurred. (LMEF) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; HEPATITIS; LONG TERM CARE FACILITIES; OCCUPATIONAL HEALTH AND SAFETY)

UNIVERSAL PRECAUTIONS FOR SCHOOL STAFF - 5113

1/2" VHS color 16 min. 1990 A, Professional

Explains the common methods of transmission of the HIV virus. Explains how school staff should protect themselves should they come in contact with blood, vomitus, urine, feces, or other body fluids at school. Explains the use of barriers such as gloves. Provides clean-up techniques and discusses approved disinfectants to use in clean-up. Covers proper disposal methods and stresses the importance of proper handwashing even if gloves are worn. (AMS) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; HYGIENE; OCCUPATIONAL HEALTH AND SAFETY; SANITATION)

UPDATE: SEXUALLY TRANSMITTED DISEASES - 6726

1/2" VHS color 28 min. 1995 JrH - SrH

Heightens awareness of the rapid spread of sexually transmitted diseases among teenagers and the risks to health these diseases pose. Provides information on the causes, symptoms, and treatment of chlamydia, herpes, and genital warts. Stresses the importance of early medical treatment for any suspicious symptoms. Alerts viewers to the link between other STDs and the increased risk of contracting HIV. Urges sexually active teens to protect themselves against STDs through proper and consistent use of condoms. Emphasizes that abstinence is the best choice for staying healthy and safe. (SUNBUR) (SEXUALLY TRANSMITTED DISEASES)

VAGINITIS - 4010

1/2" VHS color 13 min. 1985 A

Explains the three types of vaginal infection: bacterial, yeast, and trichomonal. Discusses the various causes of these infections, the symptoms, and how they are diagnosed and treated. (ALTSCH) (SEXUALLY TRANSMITTED DISEASES; WOMEN - HEALTH AND HYGIENE)

VD: ATTACK PLAN - 431

16mm color 16 min. 1972 JrH-A

WHAT ARE YOU WAITING FOR? - 5675

1/2" VHS color 19 min. 1993 A

Discusses the risk to health care workers for work-related exposure to hepatitis B. Describes hepatitis B, what causes it, symptoms, how to prevent it. Emphasizes the importance of getting vaccinated for hepatitis B. (MERCK) (HEPATITIS; HOSPITALS; IMMUNIZATION; OCCUPATIONAL HEALTH AND SAFETY)

WHAT IF A CO-WORKER HAS HIV? - 5156

1/2" VHS color 18 min. 1992 A

Discusses employee attitudes when a co-worker reveals that they are HIV-positive. Covers HIV testing and counseling, related communicable

diseases, how the virus is transmitted, and other personnel and workplace issues. (GLAXO) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; COMMUNICABLE DISEASES)

WHAT RAMON DID - 4500

1/2" VHS color 30 min. 1989 JrH-A

Designed by Hispanics for Hispanics, this program emphasizes that it is everyone's responsibility to control the spread of AIDS. Ramon is an intravenous drug user who shared needles with other drug addicts. When he returns to the community after a jail term, his high-risk behavior becomes a catalyst for examination and change of lifestyles. (AIMS) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; DRUGS)

WHAT TEENAGERS WANT TO KNOW ABOUT SEX-6478

1/2" VHS color 28 min. 1994 SrH

Presents the facts teens need to know for informed sexual decision-making. Provides answers to teens' concerns about sexual development, conception, pregnancy, contraception and STDs. Debunks myths about sex and carries a strong abstinence message. (SUNBUR) (ADOLESCENCE; SEX EDUCATION; SEXUALLY TRANSMITTED DISEASES)

WHAT YOU DON'T KNOW ABOUT TUBERCULOSIS CAN KILL YOU English - 6291 Spanish - 6292

1/2" VHS color English- 7 min., Spanish-11 min. 1997 A

A patient education video providing basic information regarding tuberculosis for jail and prison populations. Includes a description of the groups of people at risk for contracting the disease, as well as the transmission, diagnosis, and treatment. Describes the differences between tuberculosis infection and tuberculosis disease. Stresses that a person with HIV needs to take special precautions regarding tuberculosis. (TDH) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; SPANISH LANGUAGE; TUBERCULOSIS)

WHENEVER YOU SLEEP WITH SOMEONE - 5478

1/2" VHS color 10 min. 1992 SrH-A

A trigger tape designed to elicit an emotional reaction and promote discussion. Targets heterosexual teens that might believe that HIV/AIDS is not something that needs to concern them, those who feel invulnerable. Increases their sense of vulnerability. (AIDIM) (ACQUIRED IMMUNE DEFICIENCY SYNDROME)

WOMANSOURCE HIV: FOCUS ON SUBSTANCE ABUSE - 5821

1/2" VHS color 30 min. 1993 A, Professional

Designed for use by HIV-positive women and their service providers. Focuses on women with a history of substance abuse. Discusses the relationship between substance abuse and HIV, and who is at risk. Helps providers communicate better with their clients and provide quality services. (GLAXO) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; DRUGS; WOMEN - HEALTH AND HYGIENE)

WOMEN AND AIDS: A SURVIVAL KIT - 4555

1/2" VHS color 22 min. 1989 SrH-A

Designed to raise awareness of and provide information about the risk of the AIDS epidemic to heterosexual women. Combines drama and commentary by women health professionals and women with AIDS. All issues are covered in a multi-ethnic, multi-racial context. (UCAL) (ACQUIRED IMMUNE DEFICIENCY SYNDROME; WOMEN - HEALTH AND HYGIENE)

WOMEN AND HERPES: GENITAL HERPES - 6731

1/2" VHS color 18 min. 1997 SrH - A

Examines how herpes is transmitted, and discusses new drug therapies available for treatment. Several women who are infected with herpes reveal

how they cope with the disease. (FFH) (SEXUALLY TRANSMITTED DISEASES; WOMEN-HEALTH AND HYGIENE)

YOU CAN BEAT TB English-6637 Spanish-6638

1/2" VHS color 13 min. 1997 SrH-A

Compares tuberculosis infection and tuberculosis disease, giving the differences in medications. Emphasizes the importance of taking all of the medications especially to prevent multi-drug resistant tuberculosis disease. (CDC) (SPANISH LANGUAGE; TUBERCULOSIS)

YOUR BABY: PROTECTING YOUR BABY AGAINST HEPATITIS B - 5460

1/2" VHS color 19 min. 1993 A

Designed to emphasize the parents' responsibility for protecting their newborns against hepatitis B virus (HBV) infection. Reinforces the message that all pregnant women should get a blood test for hepatitis B surface antigen during their pregnancy; all babies need hepatitis B vaccine; all three shots of hepatitis B vaccine are necessary for full protection from the disease. (CDC) (HEPATITIS; IMMUNIZATION)
